OUR MISSION

The Liberty Partnerships Program (LPP) provides support services to students and families to maximize the successful transition of middle and high school students into graduates who are fully prepared for the rigors of higher education and the competitive demands of the workplace.

LPP applies evidenced-based practices to deliver programming and services to students in grades 6th through 12th enrolled in the Schenectady City School District.

THANK YOU FROM OUR MENTORS!

This summer we got the amazing opportunity to go to the STARS National Conference in Denver Colorado. Our current, future, and 5 former mentors got to live on a college campus for a week, participate in activities and seminars, develop leadership skills, and meet students from multiple different states. Thanks to many of your generous donations these students got to have this experience, so we thank you!
